## **Press Release:**

### **2005-2010 Mustang Rear Window Louver.**

These aluminum rear window louvers will provide protection from the sun and will keep you cooler on those hot summer days plus privacy without compromising visibility. An ABS louver is also available in a UV resistant textured black or a smooth finish that can be painted. Ready-to-install, "no drill" stainless mounting plate allows for a flush-fit and still easily removed to clean the glass, when needed. Our applications go back to the mid-1960's for the Mustangs, Camaros, Challengers and other cars and even trucks.
